13. into one of the jars. After two weeks, you will find that the cookies  
 = get = go = come = fall 10 in the jar with sugar cubes are crisper than those in the other jar  
 = grow = run  
 Kelly hopes to grow old with her boyfriend. 3 This is an easy way to keep cookies crisp, isn't it? How  
 13 Better yet 更好的是 exactly works is that sugar cubes absorb moisture. (That's why  
 better still = what is better can prevent cookies from turning soft. Better yet, the same met  
 = worse yet = worse still  
 = what is worse  
 We should gather together sometime; better yet, we can throw a party.  
 The mother's only thought was to prevent her children from getting hurt when the earthquake  
 can be used to store milk powder, peanuts, and so on.  
 Do you know DNA can be used to store computer data?

# 課本筆記

透過影片跟讀的方式寫出重點

1. 寫出單字衍伸出的片語
2. 再加上例句，以便加深印象
3. 表示出重點，在複習的時候會比較容易看出重點在哪

我容易因為跟著影片寫的方式，然後沒有懂內容只是單純照著抄寫

## 疑問詞片語

- how
- who
- whom
- which (L/N)
- what
- when
- where
- etc.

## Read About 1

### Reading Strategy: N

Making judgments helps you understand a passage. You will form your judgments based on your experiences or prior knowledge.

CI 象徵·表示  
 The red, orange, and yellow leaves are a clear indication that the weather is getting cold.  
 cause a change in someone or something  
 The things that parents say and do can affect how their children think or act.  
 lemon juice can increase people's appetite and make them want to eat more.  
 Jack is appetite for the new phone. Because it's cool.

4 According to the UN, about 80 percent of ocean garbage is plastic. Thus, biologists now even call the ocean "plastic soup" due to the plastic everywhere. This pollution is having a terrible effect on marine life. Millions of plastic items are floating in the ocean, and this may lead birds to mistake them for food. The birds pick up these pieces of trash and feed them to their young. As a result, many chicks aren't getting enough real food, and some may even die.

2. When you read, look for the main idea of the passage, and make judgments about it.  
 S1 + V1 + fewer + 可數名詞 + than + S2  
 S1 + V1 + less + 不可數名詞 + than + S2  
 After three months of training, more who make less progress than the other players will be kicked out.  
 could (助動詞)  
 1. (表示過去) 能夠  
 By the time Linda was ten she could speak three languages.  
 2. (表示可能性) 能可能可以  
 how to use them

# 考卷筆記

在寫考卷的同時並畫出該題重點並畫線。

我會在不懂的時候找尋同學共同討論及運用手機查詢意義

課文綜合測驗：25% -10

Magic is not just some surprising tricks performed on the stage. Be in some common items in our daily life. If we know how to use them, we can do what they can do. 2 sugar cubes, for example. They can keep cookies crisp. The reason why cookies can stay crisp is 3 the sugar cubes in the jar can be a good example is the use of oil. Our clothes are often stained by markers or oil. We often have difficulty removing these stubborn stains from our clothes. Why? Is it some oil or citrus peel? You will see the magic. In fact, it's because the orange juice or the acid from the citrus peel can help get rid of the stains. Once we see it work, it is not just some surprising tricks performed on the stage. It is ordinary.

## 寫出片語

在文章中寫出片語，以便了解內文意義

(12%)

The world, of course, remembers the monster, not the man. 21 Sometimes the monster is the man. The 2015 American horror film 'Victor Frankenstein' takes a closer look at the man and the monster from Mary Shelley's famous tale, 'Frankenstein'.

Set in London, medical student Victor Frankenstein meets Igor at a circus performance. 22 Together, the two begin using human body parts to do examinations. One successful experiment involves using electricity to bring a set of eyes back to life. Frankenstein later uses the same method to give life to a monkey-like creature made from various animal organs.

23 The first one is Inspector Turpin, a policeman out to get Frankenstein and put an end to his unnatural experiments. The second one is the circus performer Lorelei, who is Igor's lover and is shocked and frightened by their experiments.

The final achievement of Frankenstein and Igor is a monster they name "Prometheus," which is built with two hearts and two sets of lungs. 24 Prometheus turns violent, nearly killing his creators. Thus, the two scientists must put an end to their experiment once and for all. In the end, viewers are left to wonder "who is the real monster?"

## 畫線

在長篇文章之中，以畫線來斷句，能夠較好、更快的了解內文

minutes until the skin is crisp and golden brown.

9. Most people didn't realize the importance of health until they lost it.

10. The mother held the crying baby in her arms and gently rocked him to sleep.

11. Johnson will be arriving today but I'm not sure exactly when.

12. Jessica made a cup of drink by mixing the instant coffee powder with milk.

13. Students with learning difficulties require a lot of attention and patience from their teachers and parents.

14. Sixteen cars crashed into one another, but amazingly no one was hurt.

15. The baby cried at first but gradually fell asleep in her daddy's arms.

## 寫出意義

從課本中查找單字意義後寫出應該要寫上去的正確答案

對我來說較容易是抄上去，而並非自己真正吸收知識

# 訂正考卷

在段考結束時訂正段考考卷，並唸錯題

有助於加深印象，以便未來錯的機率小一點，但對我來說錯誤機率沒有明顯變化，只能是訓練口語能力

雖然我現在唸的還是會停頓已經不確定，但相信經過持續的嘗試，我將會有所進步！

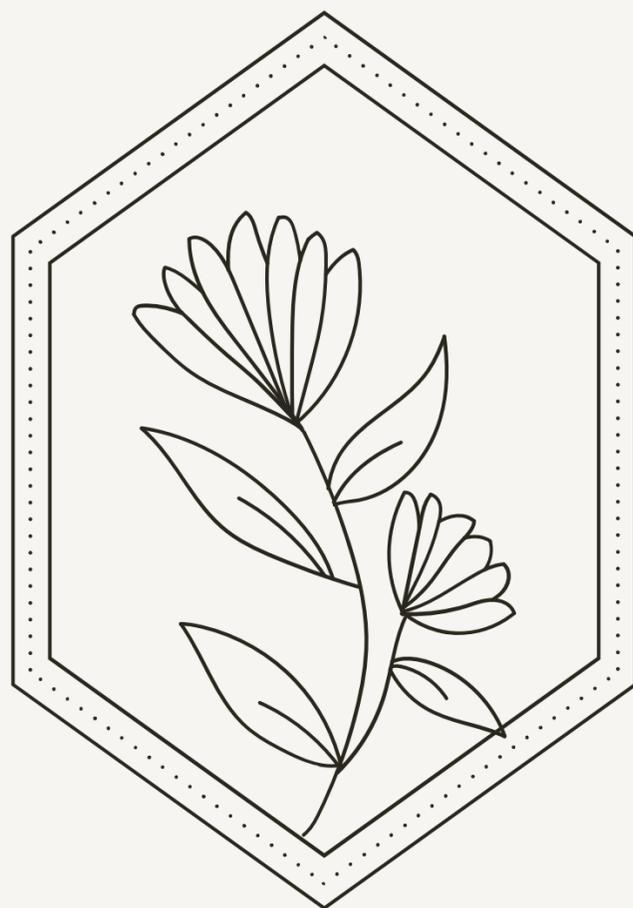

# 練習聽力

跟著影片進度寫下該畫面的內容，並唸出來

這個方法有助於練習聽力的部分，我們必須聽到什麼就寫下來什麼

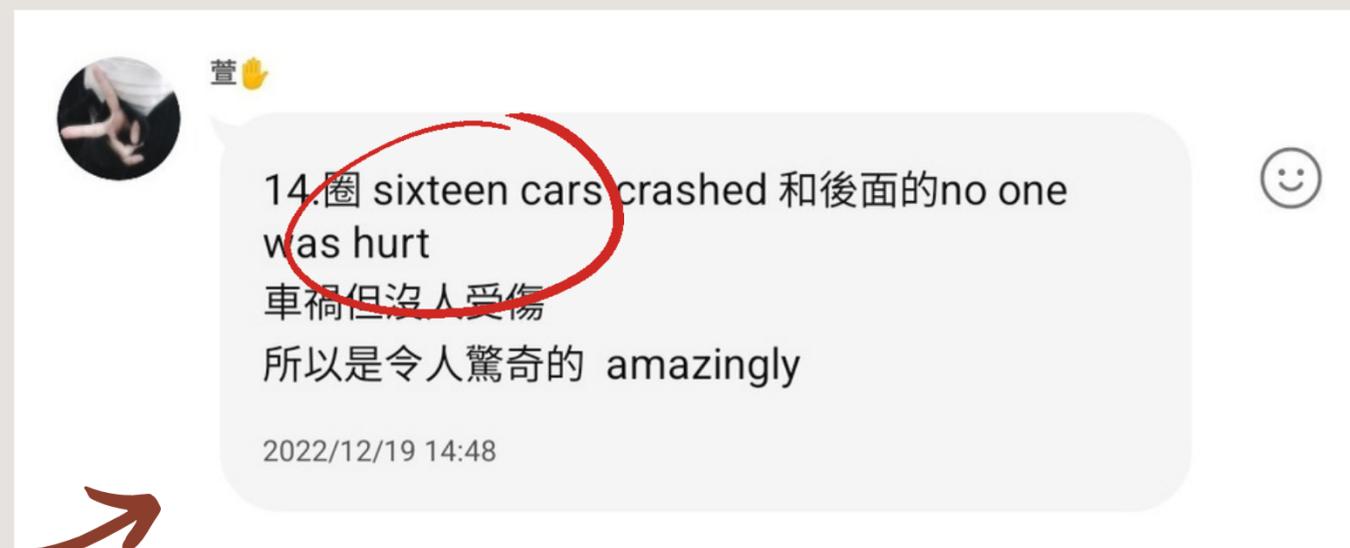

但我容易只是跟著影片字幕抄寫，而不是真正吸收進去知識

點擊影片！  
卷4

# LINE

我會先找出該題關鍵字  
然後找出單字意義，  
然後寫下答案

## 群組搶答

利用網路功能學習

老師會在班級群組內開設記事本，  
全班要在時間內於記事本中回答出考卷答案及詳解

我認為這個的成效很好，不僅讓我們思索題目，而且因為與他人競爭，會有些緊迫的感覺，都說壓力使人成長，也就是這個意思吧！

|  
Think

運用科技去學習是一件非常好的行為，現今有許多人只運用網路來沉迷遊戲和社交，但都無法真正有效的利用智慧科技！

# 外籍生到班

因為學校內有外籍生來學習，老師運用這個資源來促進我們多多使用英文與他們交流，我認為在這歡樂的氛圍中，不僅能訓練勇氣，更可以複習到功課內容，真是一舉數得！

## 練習口語

因為我們不會使用對方的母語，所以與外籍生交談的當下是需要依靠英文的，這不僅可以練習表達能力還可以與實際的外國人交談

## 學習新知

以一對多的方式讓我們接觸不同的外語，並且透過真人學習到與英文不同之處！

## 複習單字

老師會請外籍生講出單字意義，讓我們猜出是哪個單字

# 運用網站

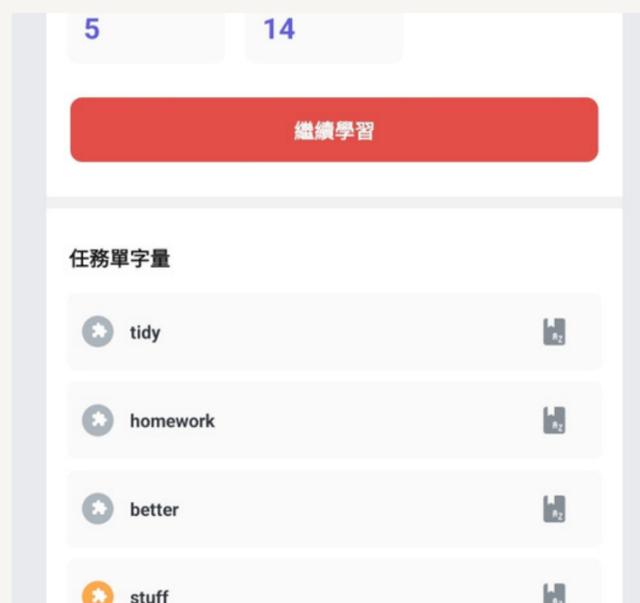

現今科技發達，幾乎每個人都會使用網路，但我們把網路化為自己學習的利器

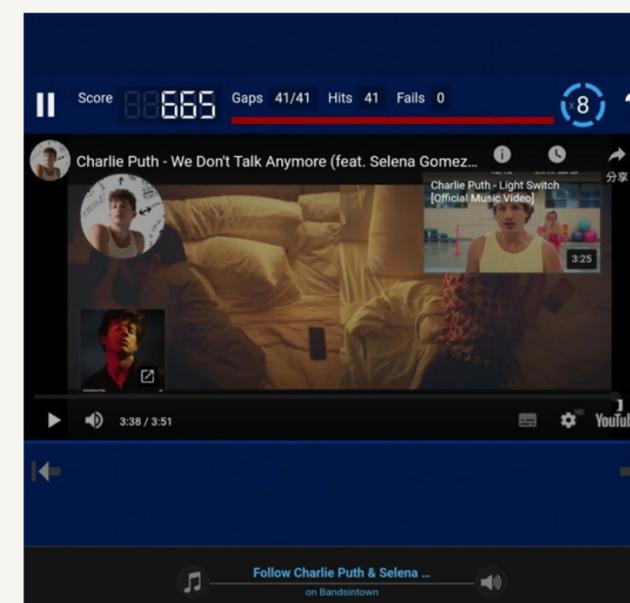

## Cool English

是由教育部所開設的平台，裡面不僅有許多教材與題目，還可以參與比賽，獲得成績！

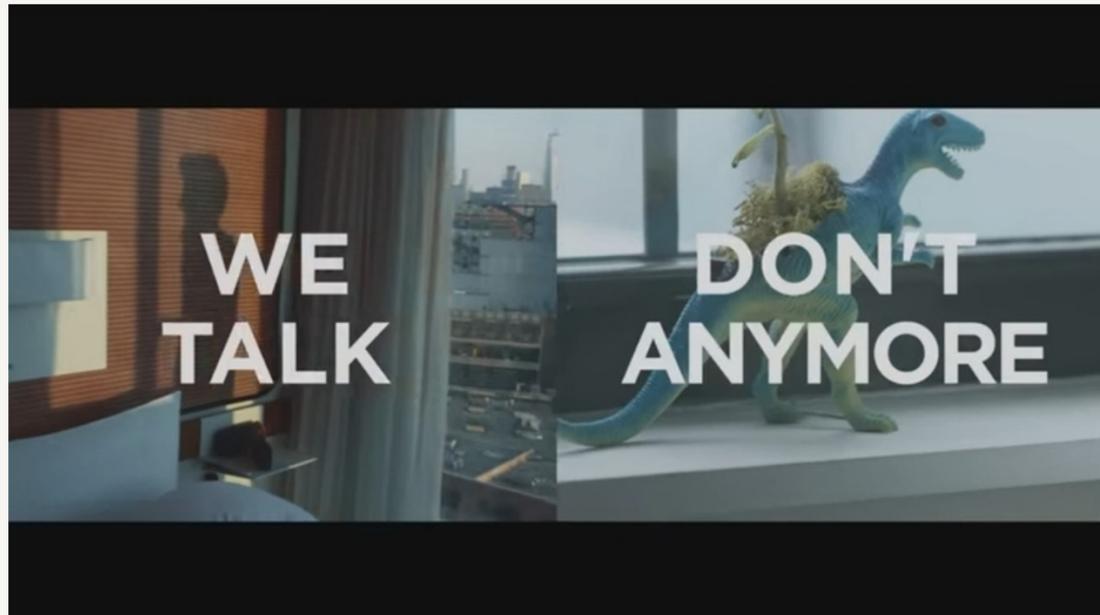

## Red Kiwi

透過看影片的方式學習內容裡的單字並且加以複習

## Lyricstraining

與英文流行音樂結合，在聽歌的同時聽出該句英文並且寫出，聽音樂同時還能複習真是一舉兩得！

## WE DON'T TALK ANYMORE

這首是我非常常聽的一首歌，  
雖然曲風歡快，  
但卻講述了一對戀人分手後的景象

# 聽歌

## LISTEN TO MUSIC

以透過聽歌的方式，練習聽出英文的文法、句型，而且還能學習到不同意義的單字，長時間的聽歌，久而久之會記住歌詞，而這些歌詞就可以轉換為上述知識
