

Happy Mother's Day

Be happy this day!

Happy Mother's Day!

*I don't say it nearly enough but thank you for all you've done
for me in my life and everything you still do...*

Dear Mom:

Thank you for taking good care of me from childhood to growing up, including cooking for me, driving me to school and taking me out on holidays I really appreciate it.

I hope you can stop exercising too much so that your knee injury will recover soon!

Love you
